

## Recommended Connection Configuration

<b>Organization Name</b>	Allina Health System	<b>Date</b> 1/9/2003
<b>Method to send/receive file?</b>	FTP with PGP Encryption	
<b>What secures this connection</b>	The PGP encryption method. Router access lists and firewall rules will be used on the Allina side to limit who can FTP to/from Allina.	
<b>Who to contact at our organization</b>	Name: Brian Schoonover Phone: 612.775.1368 E-mail: Brian.Schoonover@Allina.com	
<b>What do you need to do to use this method?</b>	Internet connectivity at a minimum. This type of connection can also be used via dial-up, F/R, VPN, etc.	
<b>How long will it take to set up this connection?</b>	1-2 weeks if both sides already have PGP software.	
<b>Are there any special products I need to purchase and install to make this work?</b>	Multiple distributions each with multiple versions of PGP exist. Compatibility is the primary concern. Upgrading PGP may be a requirement.	
<b>Is this a batch or Fast-Batch transaction?</b>	Transaction	Batch? Fast-Batch?
	835	Y N
	837	Y N
	270	N Y
	271	N Y
	276	Y N
	277	Y N
	278	N/A N/A
Please use Yes/No/N-A to describe if you do not use the transaction		
<b>File size limitations by transaction</b>	835	None
	837I	None
	837P	None
	270	None
	271	None
	276	N/A
	277	N/A
	278	N/A
Please use N/A you do not use a transaction		
<b>Recommended file naming conventions</b>	<transaction>-<connection type>-<Allina system>-<date> For example: 837-FTP-Medipac-01092003	
<b>When can you start using this method?</b>	Immediately	
<b>How many transaction files can you receive per day from a trading partner?</b>	Limited only by the amount of bandwidth between sites and server storage available at each end.	
<b>What are the hours you have someone available to cover transactions?</b>	Regular business hours	

<b>Are file concatenations supported (e.g. can there be multiple batch submissions per file)</b>	
<b>Any thing else I should know?</b>
